I am Thankful

This year I am thankful for people like parents because they take care of me every single day. I'm thankful for friends because if I did not have any friends then I would be very lonely. I'm thankful for siblings because I can play with them. I'm thankful for the bus driver because he drives me to school and to my house. I'm thankful for my teacher because she teaches me alot of different things. I'm thankful for my lunchaide because then who would make sure I was safe while I ate. Those are all the people I am thankful for. ♥☺♥☺♥☺♥☺
