Anastasia 11/16/15
Mrs. Olivo writing

I am thankful for food. One reason I am thankful for food is food helps you to learn. Food makes me surive in life. One more reason why I am thankful for food is when I am hungry the food I eat helps me feel full. One more reason I am thankful for food is food makes you strong. The last reason I am thankful for food is food helps you to move. I am thankful for food.
