I am thankful for Miss. Higgins because she was my Fourthgrade teacher. She was the best teacher last year. She was nice to me.

The first reason I am thankful for Miss. Higgins is because she taught us a lot of math. She said "I am a hard worker in class." This made me feel good.

The next reason I am thankful for Miss. Higgins is because she belied in me. I was going to be a hard worker in class. Now I am a hard worker. Miss. Higgins taught me to work hard.

These are just some of the reasons I am thankful for Miss. Higgins. The most memorable teacher because she said I was a

hard worker. I know she saw
how I worked I'm glad and
thankful for Miss. Higgins.
