What I am thankful for

I am thankful for sight, I can see, I can see, I can see bright light.

I am thankful for a bed, I can sleep, I can sleep, I can sleep with my cute, small head.

I am thankful for joy, I am happy, I am happy, I don't even need a toy.

I am thankful for my family, my family, my family, they are so special to me.

I am thankful for education, I am smart, I am smart, I don't know why years ago there was segregation.

I am thankful for air, I can breathe, I can breathe, I can breathe, I so much care.

I am thankful for salvation, He saved me, He saved me, He saved my soul.

This is what I am thankful for, thankful for, thankful.
