I am grateful for a majestic family with a sister who has integrity.

I am also grateful for a lovely house with yummy food.

I am thankful for a Christian School that is very cool.

I don't have money, but I still have sweet honey.

At least I have a church to go and I can wear my golden bow.

I do have an admirable friend and more in the end.

I am grateful for books to read. That is a skileful deed.

I am thankful to be healthy and you know what's healthy for me, celery!

I have to have clothes that smell like an elgant rose.

I am grateful that I have shoes that I can tie them when they're loose. That is what I am thankful for.
