Frederick Leighton Elementary – 4th Grade
Oswego, NY

Camren Wilson

What are you thankful for this year?

One thing I am thankful for is my mom. I am thankful for my mom because she Soports me through ruff times and makes me happy when I'm Sad. My mom keeps me happy and healthy. She cooks foods for me and she knows what I like and I don't like.

Another thing I am thankful for is School. I am thankful for School because I can meat new friends. Another reason I am thankful for School is because I can learn with other kids instead of learning everthing myself.

The last thing I am thankful for is life and being alive. If I wasn't alive I wouldn't have any of these things. Another reason I am thankful for being alive is because wouldn't be who I am today and I wouldn't have my great, and awsome friends, and my mom :)
