Destiny Lewis 11-9-15

Mrs. Zareski 5th grade

I am thankful for being born and who I am. My mom does lots of things for me and I should be thankful of it. I am also thankful for my same teacher from last year. Another is for family and friends. Also for my clothes and looks. I am thankful for learning math, continents, oceans, place value, the ACE strategy, and reading strategies. I am also thankful for learning how to write letters and complete sentences. I am happy I am learning about pilgrims. I am also happy I have a house, food, and air. Another thing I am thankful for is being safe. I am thankful that I will have a feast with my family. That's why I am thankful!
