I am thankful for my family and me. I am also thankful for the food on my table, the roof over my head, blankets on my cold body at night ~~So I can~~ So I can sleep well. Also I am thankful for the books and teachers who teach us things that we never knew. like about Space Shuttles, or math that we don't know about. Also the water that we drink to keep us alive and the trees that make us breath. I am also thankful for the ~~an~~ animals that we care for like a dog, cat, fish. Same with us we may start out as seeds but we may grow into big thing's. We have the ability to Change the world we can inspire other people we can do anything the choice is our's good or bad. If ~~S~~ Someone knocks you down you can get back up you wright your own destiny it's up to us forever.
