Anthony Le 10/28/15

I'm Anthony Le, I'm 9 years old. I'm very thankful to my parents for taking care of me and my sister.

My parents are working very hard to make money to provide our family for living. We are 9 people in a family and only my parents working. My parents help me when I need them.

My father bring me to school every morning and pack my snack for me and my mom help me with my homework when I need her.

Therefore in my heart I allways thankful to my parents.
