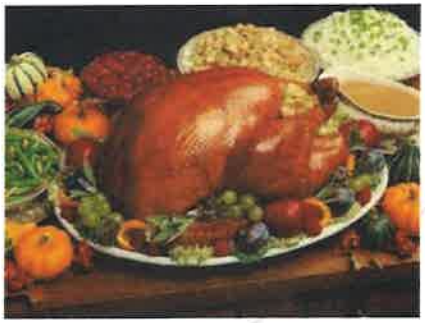
What I'm Thankful For
By Emma Luczynski


I'm thankful for my family because they help me with my work from school. My mom owns a store and works there almost every day except Sundays. My dad works ten hours a day and has Mondays off. They do all that and still have time to take care of four children. My grandparents always have time to watch us. I love my pets. They are so cute. I have two cats and three dogs. My parents have to buy food for all the pets and have to buy food for all of us too. For Thanksgiving they buy a bunch of food. They buy a turkey, cranberry sauce, my dad makes mashed potatoes, stuffing and plenty more. This Thanksgiving I'm going to give thanks for my family, pets and the food on my table.
