Giancarlo Cattagirone- 5th grade

I have many things to be thankful for that others wish they had. But there is one thing that is more importan-t then any of my sports stuff or my food and water and that is my family. I love all of them. Mom, Dad, Nick, Sam, and my lit-le brother Luca. They all other so important because they care for me and make breakfast, lunch, and dinner. They also prote-ct me from people that do bad things. I also love how they helped me when I get hurt or when I'm sad.
