I am thankful for...

I am thankful for God, for family, and for friends

I am thankful for God because he gets us through everyday. God blesses us and keeps us safe. He guides us to do the right thing. He keeps us on the right path. God tells us what is right from what is wrong.

I am thankful for family because they keep me healthy everyday. Family loves and cares for you. They feed you and give you what you need. Family supports you and gives you strenght to get through the day. Family is the key to unlock your world.
