Oswego, NY

Isabelle Perry

What are you thankful for this year?

Hi! My name is Isabelle Perry. One thing I am thankful for is god. I picked that one because he made us and I would not be right here right now if god was never alive.

One other reason is I am thankful for my family and friends. I am thankful for them because I would not have them if they never made me.

The last reason I am thankful for is nature. I am thankful for nature because it is pretty, buetiful, nice and tallented. These are three reasons of what I am thankful for this year.
