Hi my name is Janaiya and I am Thankful for many things. A few things I'm Thankful for are my Momma, dad, Grandma and siblings why because they help me out with anything even if I am in trouble or if their is consequences I am beyond thankful for my teacher's for giving me an education. I am infinity and beyond beyond thankful for my parents because they gave me a life a family and everything I have now. They are the number one thing that I am Thankful for.

These are the things I am thankful for and I hoped you enjoyed this!
