Jayvon

overflowing

I am thankful for many things. For example, I am thankful for my baby brother. We have lots of fun together. We play catch, we like to dance to watch Me Whip. I am also thankful for football. I love football because my cousins play too. I also love football because I get to tackle people and score touchdowns! I am thankful for my friends that help me with my work. Finally I am thankful for food. I love chinesefood. I like to order Sesame Chicken and yellow rice. These are the things that I am thankful for.
