I would like to encourage you to participate in the 2010 Census. Our schools, hospitals, housing, transportation, police and other services depend on your participation. Information from the Census will determine which neighborhoods receive a new school, health clinic, senior citizens center, bus line, and other social services. Filling out the Census form is a safe, free and easy way to fight for the services and respect our community deserves. It's up to each of us to make sure our community counts.

- SIMPLE** ● The Census is a count of all people in the United States – both citizens and non-citizens.
- EASY** ● In early March 2010, every address received a short questionnaire that is basic and fast to complete and return.
- SAFE** ● By law, the U.S. Census Bureau cannot share your answers with anyone, including federal, state and local agencies.
- The Census form does not ask about immigration status. Census workers are not law enforcement, immigration or customs enforcement officials.

Dear Friend:

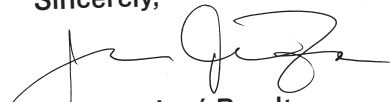

I would like to thank the voters of the 13th District for electing me to the New York State Senate. It is an honor and privilege to serve as your Senator. I have already begun serving the 13th District working with my fellow members in the Senate to craft a responsible budget that addresses our challenges without compromising our commitment to the most vulnerable members of our society. I have and will continue to send a clear message to Albany - this state's budget can not and will not be balanced on the backs of the working families in my district.

I look forward to representing you in the State Senate and working with every member of our community to build a stronger Queens and a stronger New York. Together we can ensure that our children receive the educational opportunities they need to succeed in life, our residents have access to affordable and quality health care, and we build a strong, vibrant economy that provides quality job opportunities for all our workers.

Please take a moment to fill out your Census questionnaire. An accurate count of the people in our district will ensure that we receive our fair share of the resources and representation that we need. Being counted is valuable to you, your family and your community.

Thank you again for your support.

Sincerely,

Senator José Peralta
