I have had many wonderful techers. However the teachers I mostly am thankful for are Mrs. Herrera and Mrs. Satana. Mrs. Herrera and Mrs. satana were my first grade techers.

The first reason I am thankful for Mrs. Herrera and Mrs. satana is because they both taught me where the Gym, Library, Nurses office, and the bathroom was. Mrs. Herrera and Mrs. Satana were nice teachers. I am thankful for them being my teachers.

The next reason I am thankful for Mrs. Herrera and Mrs. Satana is because they both taught me the Abc and how to read. If they didn't do that than I wouldn't be good reader like I am today.

The Last reason I am thankfull for Mrs. Herrera and Mrs. satana is because they know I am still a smart girl and today I still see them at Temple Hill. They always smile and say Hello and ask me how I'm doing.
