What I'm thankful for Class 4-402

I'm thankful for the care my parents give me. If my parents didn't care for me I would grow up to do the same to my kids. I'm not sure what I would do if my parents just cared for themselves. Maybe if my parents didn't care then, my siblings would've cared, no need for that because my parents do care for me and my siblings. This is one thing I'm thankful for.

I'm thankful for my home. If I didn't have a home, I would be poor. I won't have a good quality of life if I'm poor. My family and I would be so sad if we are poor. We wouldn't have any money, no good clothes and especially no food, fruit, water, and veggies. I am so happy that my home has a roof and did not get destroyed by hurricane Sandy, unlike some homes. This is another thing that I am thankful for.

I'm thankful for my best friend Reilly. Me and Reilly has been friends since 2nd grade. Wow! I'm in 4th grade and I had a BFF since 2nd grade. Reilly always cheer me up when I am feeling sad. When me and Reilly argue, we forgive then, forget about it like the next hour. So, this is what I'm thankful for.

One more thing I'm thankful for is my teacher. Without a teacher, I would have a bad education. My parents would not want that for me. I am thankful for everything. When the class are taking tests and I am finished, my teacher gives me fun stuff to do. I am proud that I have a nice teacher and good education.

This is what I'm thankful for mostly. Like I said I am thankful for everything. I am mostly thankful for my family. Also, my best friend, home, teacher, education, and the care and love I get from them. So, this is all the things I am thankful for. Well, almost all.
