Frederick Leighton Elementary – 4th Grade
Oswego, NY

Mason Hall

What are you thankful for this year?

These are the three main things I am thankful for. One thing I am thankful for is school. I am thankful for school because of all the noleg and wisdom it gives me. I get to see my friends at school and play out side with them at recess and I am thankful for that.

Another thing I am thankful for is my family. I love my mom, dad, brother and dog Yella. I love my four grandparents, ants, uncles, cousins and my great ant Mary that I call Mimi. She watched me with my parents worked when I was little and could not go to school and in the mornings before I went to preschool for the afternoon.

The final thing I am thankful for is me. I love that I have the power to be happy and mad and sad. I don't care what anybody else says about me I just love myself. These are the three main things I am thankful for.
