I am thankful for my mom. One reason how I am thankful for my mom is that she always feeds me and gives me treats. Also I'm thankful for my mother's for actually giving me real gifts. For exande, I'm thankful for my mom for getting me a tablet for my birthday. Another reason I'm thankful for my mom is because she is not cheap. For example, I am thankful for my mom for not getting me a box for my sixth birthday. She got me a tablet!!! That's why I am thanful for my mom.
