This year's thanksgiving I am thankful for being alive. I am thankful for food and water if I didn't have them I wouldn't be alive. I am absolutely thankful for my family and friends if I did not them I would be very lonely. My family is very special to me because my mom gave birth to me. If I wasn't born I wouldn't be alive. My brother

give's me a lot of courage when I'm stuck on a math problem. My dad make's me laugh really loud. He is the best. I am thankful for alot of stuff.
