

I Am Thankful

by Alex Cazio

I am thankful for this year. I am thankful for this year because I get to play on a soccer team that I wanted to play.

I am thankful for this year because my parents spend time with playing games and reading a book to me. We help each other playing or reading. We can help each other with the things that we need.

I am thankful for this year because my family comes to visit me. We can talk about what we had done this week. We share stuff that we wanted to share. It's fun when my family comes to visit.

Most of All I am thankful to buy clothes.
