

I am thankful for this year...
By: Alfredo Jr Chavez

I am thankful for this year because I have a wonderful beautiful teacher. I am thankful for this year because I have so many friends that love me! But most of all I am thankful for this year for all the love I and others share.

I am thankful for this year because I have a wonderful beautiful teacher. For example she lets us finish or start our homework. In addition or two she teaches for us so we can learn. But most of all she gives us the love we want to give her.

I am thankful for this year because I have many friends that love me. For example they give me food without me even asking. Another example is they give me hi-fives. But something I can't ask for more is the love they give me.

But most of all I am thankful for this year is for all the love I and everyone shares. For example everyone says hi or good morning, and another example they treat others the way they want to be treated. But most of all it requires hard work! But all everyone needs is love!
