I am thankful for my family
They bring me Joy and serenity.
When I need it, I'm helped by my father and mother
And I provide help for my litte brother.

I'm also thankful for my friends,
As they'll stick with me until the end.
They cheer me up when I am sad
And make the hard times not so bad.

So with that, I end this poem
With wishes for love and a happy home.
