

What I'm Thankful For

By Arianna Leno

I am thankful for my teachers, Mrs. Baumgras and Mrs. White. They teach me cursive, math, reading, and writing. They also teach me about friendship. If they need my help, I help them the whole time. I miss Mrs. White, my second grade teacher.

I love Mrs. Baumgras because I am with her always. I like the plans she makes and, since I like her, she likes me. She lets me color. She lets me draw. She lets me write, and she helps me do things sometimes. She is nice to me a lot. I am nice to her a lot too. She is beautiful and pretty. Her birth month is the same as mine, and she has blue eyes, and I do too. I am very thankful for her.
