I am thankful for….

What are you thankful for this year? I am thankful for all the things I have in life. I am thankful for being here right now getting an education. I am thankful for the wonderful, loving, supporting, and caring parents I have. I can't survive without them. I am thankful for the dinner my mom prepares every single night. I am thankful for the help I get from my dad with my math homework. I am thankful for the house I live in. some people would die to have these things in life. Even the good mornings and good nights are gifts this world has to bring. I cherish every single moment of my life because I am thankful for each and every second of it.
