My Grateful Things

I have a lot of things I'm thankful for. What are you grateful for? I'm thankful for a lot of things like Martin Luther King Junior, my grandparents, my godmother, and Jesus.

I appreciate Martin Luther King Junior because he integrated black and white. I thank him for that because I wouldn't have any black friends. Also he died on his porch and I miss him so very much.

I also cherish my godmother because she changed my life by talking to me about the problems or situations. I would have been bad and lied the rest of my life without her. I'm grateful I have her.

I relish my grandparents because they give me the love, shelter, food, water and tuck me in at night and talk to me also.

I savor Jesus because he gives me the world mom, dad, friends, and family. He talks to me and let me live and also died for me.

I value my teacher Miss Gilligan because she gives me the life lessons and the education for life.

Since I told you why I'm thankful for these things, what are you thankful for and why?
