Things I am Thankful for??

Well a lot of people are thankful for just family, but me Im thankful for more than just that. I, Areena Dey am thankful for my family, education, life and so much more. I am thankful that I live in a house, I am thankful for the shoes and clothing that I wear, and for me to be able to eat everday. The reasons why I'm thankful for these things is because some people are unfortunate to have the things I have. I also plan to celebrate thanksgiving and give to my family & friends & share the things I'm thankful for & express it.
