

11-17-11

Brianna Carter

This year I'm thankful for new subjects we got like when I was 5th grade I had reading, math, science, writing, Art, and gym. Now I get Spanish, health, social study, 3 more subjects, and now I get to walk to my classes and stuff.

I'm thankful for new students. I meet new kids and that's how you make friends. I have friends from all classes. The kids that's in my home room class stay in their the own day.

I'm thankful for new teachers. I got new, nice, smart, and funny teachers who want you to learn. They teach you so write you grow up you can be very smart. Also, so you grow up to be something special, and somebody who's

famous.

I'm thankful for the new school I'm in. The school I was in before was P.S. 223, now I'm in P.S./M.S. 138. This school is more better because I learn more. I learn things that I never knew before. In my old school was great but I think I like this school more better.

The last thing I'm thankful for is me, because I'm doing better than what I was doing in 6th grade. I'm getting better grade's in all subjects. I'm learning more. I'm understanding my work, doing better on my tests. These are all the things I'm thankful for this year.
