"What am I thankful for this year?"

by
Skylar Mondelli

This year I am thankful for many things. The first thing I am thankful for is my family. I am also thankful for money. Another thing I am grateful for is houses. As you can see, I am very blessed.

I adore my family. I am grateful for my sister, mom, and dad. I like to play with my sister. I like when my dad makes me breakfast. I like when my mom takes me places. I am also thankful for my extended family. I love my

grandparents, uncles, aunts, and great grandparents. Another thing I am thankful for is my pets that I consider part of my family. I have a dog and a fish. I like to play fetch with my dog outside. I like to watch my fish swim around. I love my family!

Money is very valuable. Money is important for buying food and drinks that are healthy. Money is also important for buying clothes and shoes. Clothes and shoes are comfortable to wear and they look nice. Another thing money is important for is buying supplies for school. You need school supplies so you can write, color, and so much more. Isn't money important?

Houses are very important. Houses keep you dry when it rains because if you didn't have a house, you would get sopping wet. Houses also keep you safe

from bad people because if you didn't have a home, bad people could just grab you and take you away. Houses also have a big space so kids can play with their toys and play fun games. Aren't houses great?

I'm thankful for many things this year. I am thankful for my family because they keep me safe and they're playful. I am also thankful for money because you can buy stuff that you need. Another thing I am grateful for is houses because they give you shelter when it rains, a big play area, and keep out bad criminals. As you can see, I'm very blessed.
