I am thankful for....

I am thankful for my family because they are fun to play with and know Jesus. I am also thankful for my mom and for Jesus, our God, because he made everything including every person. I am really thankful for heaven and earth and prophets of God. I am also thankful for church and the Holy Bible and I am thankful for peace, joy, and love.

I am thankful for brave military men and kind nurses who care about our country because if we didn't have those people, our country would be in danger and the people with ailments would not be okay and die and I do not want that to happen to our country.

Those are all the things I am thankful for.
