

I am thankful for this year.  
I am By: Christina Terry

I am thankful for this year. I am thankful for a gift I got, seeing the Statue of Liberty, and my teacher.

I am thankful this year. I am thankful for this year because I got an I toughch for my birthday. I was so surprised I screamed. I love my family so much, I could squeeze them. I am thankful for this year.

I am thankful for this year. I am thankful for this year because I got to see the Statue of Liberty. I was going to the Liberty Science Lab and someone yelled, "The Statue of Liberty!" I am thankful for this year.

I am thankful for this year. I am thankful for this year because I got one of the best teachers in the whole fourth grade! Her name is Mrs. Knight! For example, she tries to make you smart, she gives out multiplication facts when we lineup, and she gives out prizes! I am thankful for this year!
