Thanksgiving essay

701

What are you thankful for? I am thankful for what I have because we in America are very fortunate. We in America are very fortunate for what we have, some kids get what they want most of the time for instance some kids get video games and I pads and some kids get left over pizza with a piece of gum on it from the garbage can. That's unfair but you should be thankful for whatever you have. Hey you could be one of those unlucky kids or you could be one of those kids who rock snapbacks and skinny jeans with a fresh pair of Jordan's.

I am thankful for so many things in my life. What am I thankful for the most you ask, well I just had a new addition to the family 12 months ago. I had a new baby cousin, he is so adorable and I know I don't live with him but I usually go over to his house and play with him. On his birthday he ate cake and he had slimy red velvet frosting all over his face. He is the best I love him!

I am also so thankful for my family they are the best to me the Mills family is the best. They have some restrictions but they still give me the appropriate amount of things. I always ask for things in every store I go and I wind up getting it in the end. If I did not have a family I don't know what I would do. My family persuades me to do better things and I love my family and I am so thankful for them.

I am thankful for my great friends. I had friends since kindergarten and grew with them ever since. They always know how to have a good time and comfort me. If it wasn't for my friends half of the time my life would be the definition of boring. I love them they play the sports I play too. They are like brothers to me, we are like a wolf pack have a problem with one of us you got a problem with all of us.

In conclusion some kids really need to be grateful for what they have. Some kids brag how they don't have a lot of things well hey at least u live under a roof and have a meal three times a day. Like me I love my life I have everything I want . I am in middle school , I have the right amount of stuff and go to school.
