IM Thankful to
be alive
even though we
only live 2 Die
Im still thankful
to be alive
even though we
only have limited
time Im still thankful
to be alive
even if I gotta watch
my back every night
Im still thankful to be
alive
everydays another fight
to strive to be alive so
you make it worth your
time even when your
feeling like your about
to die thats when everyone
says they feel the most
alive
so Im thankful to be alive
Im thankful to live another
day to strive
Im thankful to wake up,
and call another day mine
im thankful to be alive
Im thankful to experience the
thing we call life cause everybody
says you only get one time
remember we only living 2 Die
so you better make it worth
your time.
