

My Family and Friends

By Emily Henry

I'm thankful for my family, because they always treat me with respect. They are always there for me when I need them. My family loves to get me ready for school in the morning, especially my mom when she does my hair.

I am also thankful for my best friend, Riley. She is always caring for me and my family. Riley is by my side when I'm feeling happy or sad.

I am most thankful for my Pop-Pop coming home for Thanksgiving and for Christmas. I'm glad he got out of the hospital, so he can enjoy the nice presents under the beautiful Christmas tree. I'm glad he gets to see the lights shimmering while all of the ornaments are getting hung. This year I'm going to let my Pop-Pop and MeMa pick what star to hang on the Christmas tree so that they can look at the pretty star that they picked, instead of me. That would make me feel very thankful!
