Leo Berman

Thankful

Some things that I'm thankful for are skiing, fishing, my legs, America's Funniest Home Videos (AFV), my house and my family. I'm thankful for skiing and fishing because I get to spend time with my dad. I'm also thankful for my legs because they help me walk and ski. Another thing I'm thankful for is AFV because when I'm sad the funny videos cheer me up. Another thing that I'm thankful for is my home because it keeps me safe. I am very thankful for my family because they care for and love me. These are some things that I'm thankful for because they make me me.
