Things I am thankful for..

Some things I am thankful for are water and life. I am also thankful for my parents who made my life very special and to be a better person like I am right now. My parents mean my life because I have my brothers who love me and my dog Luna that they got for my brothers and me to play with. I am also thankful for school. School is a very important place to learn. Even if you don't want to be there it's a place to learn. I am very thankful for my specials teachers like my art teacher Mrs.Mc Dowell who shows us how to draw and craft, my P.E. teachers Mr. B, and Mr.Solano who show us cool and fun games, my music teacher Mr.Pilero who shows us music and we have concerts, my library teacher Ms. Piazza, my Spanish teacher Mrs Daponte who teaches us spanish , my steam teacher Mrs.Sumwalt who shows us science,and last but not least my favorite computer teacher Mrs. Alberti, she lets us play gimkit and blooket and other games. I am also thankful for my house that I live in and my bed that I sleep in. I am also thankful for the food my mom cooks for me and the clothes my dad buys for me. These are the things that I am thankful for and grateful to have.

Sofia Soledad.
