

I am thankful for ...
By: Erin Kennedy

I am thankful for this year. I am thankful for this year because I have friends and a kind family, I have gotten lots of nice things, and all of my family members are healthy.

I am thankful for this year because I have friends and a kind family. For example at school if I get hurt my friends will offer to come with me to the nurse. At recess I am never left out, if I want to play "Hot Lava Monster" they will let me. One reason my family is kind is because they are always taking me nice places. I am thankful for this year because I have friends and a family.

I am thankful for this year because I have gotten lots of nice things. Like this one time, my parents drove up island just to get me a Build-A-Bear for my birthday. Another nice thing I have gotten this year is this awesome bag with black sequins for a back round and white ones that made a peace sign. I am thankful because I have gotten some nice things this year.
