

I Am Thankful

I am thankful for my mom and dad because whenever I get hurt, they are always there for me. Another thing that I am thankful for is my cousins. When my parents go on a vacation, my cousins come to my house and watch me for one day. Then my Grandma and Grandpa come over to watch me the next day. For breakfast, they make me pancakes. For lunch, they make me the best macaroni and cheese. For dinner, they make me really good chicken. I am thankful for all I have!
