

I am Thankful for my family because we are like a Toy Chest

Me I am like a stuffed animal,

Fun to play with and soft

My mom is like building blocks,

She holds the family up

My sister is like a Barbie doll with a string in the back,

That doesn't stop talking

My brother is like the book on the bottom,

Never gets used because he doesn't get up

I am Thankful for my family because we are like a Toy Chest
