

*I am thankful for my family because we are like a poster of love*

*My mom is like those loving words that carry us throughout to keep us interested in the poster*

*My dad is like the poster himself that keeps our family glued together. As a family*

*My sister Mehreen is like the stars we draw on the poster that inspire us*

*My brother Zain is like the main vein on a large heart that helps us breathe and gives us love*

*My brother Amaad is like a small heart all on his own because he cares not for one but for all*

*My sister Maryam is like the underline under my mom's loving words because she is the main brain of our heart*

*And last but not least I Mahrukh Shahzadi am like the frame around this all because I'm like everything and love everyone*

*Mahrukh*

*Shahzadi*
