

I am thankful for my house, my food, my water, my country, Minecraft☺, my life, the Yankees☺, my Education my Teachers. I am also thankful for my friends and family, as well as Lake Tahoe and jet skiing and 7mph donughts on a jet ski on a lake and tubing and climbing bluffs on Lake Ontario's bluffs. And my dog and SpongeBob squarepants and avatar the last air bender show NOT the movie cause that was the worst movie I ever saw. I am also thankful for the 6th sense because that was good. And the hilariousness when my sister screamed when she watched paranormal activity. And I am also thankful for Physics and Biology and astronomy and social studies, as well as Earth. Earth man I love this place so let's try and not destroy it.
