

I'm Grateful For

By: Madeline English

I'm grateful for my dog, who's there to play with. I'm grateful for a morning jog, that's there to wake me up. I'm grateful for my teachers who help me learn new things, and I'm grateful for all the creatures that are in the world for me to discover, but most of all I'm grateful for my warm and loving home, my four brothers and my mom and dad.
