

Jessica Zebrowski 19

Hi, my name is Jessica Zebrowski and here is what I am thankful for. I am thankful for my family, our food, my house and friends. I am thankful of my family because we love each other and we take good care of each other. I am also thankful of my family because we support and help each other. I am thankful for our food because so, we're not poor and hungry. I am thankful of my house because so, we have something to live in and we have somewhere to sleep and we could be warm inside. Finally, I am thankful for my friends because they stand up for me and they keep company. That is what I am thankful for and why.
