

I'm Thankful

I am thankful for many things, but I am the most thankful for these.

I am thankful for my family because without them, I am nothing. I am nothing, not even an ant. Without my dad, there is no one to help me with my problems. Without my mom, I would not be alive and if I did not have a brother, I would not know what I would do. There would be no one to help me do my homework or play with me. If I did not have a family, I would not be on this planet.

I am thankful for my teachers because they teach me what I need to know. If I didn't have teachers, I would not know anything. I would not know how to share, read, or write. I would not know how to add, subtract, multiply, or divide. I would not be able to do anything.

I am thankful for my friends because if I am scared, and I need to be bold, my friends have my back no matter what. I can count on them for anything. If I didn't have friends, I

would not have anyone to help me when I am hurt or help me do something I couldn't do.

I am thankful for my cats because they snuggle with me. If I didn't have three cats, I would be lonely all the time. I wouldn't have anyone to play with on rainy and snowy days.

This is why I am thankful for everything!!!
