

My Thanksgiving Poem

*I am thankful for my family because we are
the finest treasure you could ever find.*

*My Mom is the pearls that shine in the light
because she is bright.*

*My Dad is the loud waves you could hear
from a mile away.*

*My brother is the sand that goes back and
forth out of the water and into it because he is
active.*

*I am the unique necklace that has all of the
traits of my family.*

*I am thankful for my family because we part
of the finest treasure you could ever find.*
