

My family is a football team

My dad is the running back, always doing the most work

My mom is the head coach, she is always calling the shots

My sister is the cheerleader, she's always cheering us on

*My brother is the wide receiver, he doesn't always get his
chance but when he does he tries hard*

*And for me I'm the quarterback, I just try to give everyone a
chance and make things go smoothly*

That's why my family is a football team
