

*There are many things I am thankful for. My family is someone I appreciate because they feed me and make sure I am safe. They also help me with my work.*

*I am also thankful for the Coastguard, Army, Navy, Marines and the Airforce. I am thankful for them because they protect our country. I know they try to protect us because ever since 9-11 there hasn't been any thing very bad happen. They also risk their lives for us to be safe. I have a lot of things to be thankful for this Thanksgiving.*
