

This is my "Thankful For" essay submission. My name is Annie Zielinski. I go to Gardiners Avenue School and my teachers name is Ms.Fermature.

I am thankful for my family. My mother helps me with whatever I need help with. She pays for my sports and education. My father helps me get better at sports and teaches me more things about basketball like shooting and dribbling and much more. He also helps me with my homework. The best thing about my father is that he jokes around with my brother and me. My brother plays with me whenever we want to play or we joke around and goof off.

I am thankful for my aunt surviving cancer. Ever since she stayed at my house we have gotten closer to each other and if she didn't survive, I wouldn't be able to see her anymore. She is also my favorite aunt so I can't say anything bad about her.

I am thankful for a lot of things but I chose to write about my deepest ones.
