

This is my Thankful For Essay submission. My name is JoAnna Ricaurte & I go to Gardiners Avenue School. I am in 5th grade, & my teacher's name is Ms. Fermature.

Yes , you know. A lot of people are thankful for a lot of things. For example, some people are thankful for their clothes, for the sky, or even wildlife. Unfortunately, some people are thankful for video games, for their television, or their cell phones. These are not things to be thankful for. They are electronics that waste your time. Now, let's talk about what I'm thankful for.

I am thankful for a lot of things.

For example, I am thankful for my "over the top" teacher, Ms. Fermature. I am thankful for her because instead of simply teaching you the lesson, she adds that little extra bit of enthusiasm that it needs. Finally, I am thankful for my annoying little brother, in 2nd grade. For example, whenever we go on vacation & I forget something important, he is there to help. Also, he was my first Barbie doll. For example, when I was 4 years old, I would dress my brother up in princess clothing, because I knew he would never care, since he was only 2 years old.

So far, you can tell I am thankful for a lot of things. For example, one worldly thing I am thankful for is wildlife. Wildlife is the word for the wilderness. For example, without it, you, me, & the other 7 billion people in the world will starve, & the earth would look like an old turnip. Finally I am thankful for the Earth itself. For example, without it, my supernatural awesome inhuman abilities

would not be present. These four items are the most important things in my life, and sometimes and others. I hope you enjoyed my essay, & Happy Thanksgiving!
